

ARTWORK Submission

We're green, you're green – it's a promise we make to all of our customers, and one that we keep!

As well as investing in the latest 'green' machinery, such as the Heidelberg Speedmaster XL 75, we fulfil our environmental promises by offering the Streamline Artwork Submission portal to all of our customers. By sending your file through this medium, you're able to complete online proofing and file transfer, which can often eliminate the need to print several pieces of the same artwork.

On the right you'll find our simple checklist you can follow to ensure that your artwork uploads and transfers successfully.

Be green and save this PDF on your desktop to save having to print it!

Artwork Checklist

- Set up bleed of 3mm around all edges
- Set up tick / cut marks
- Convert any RGB / LAB images to CMYK
- Set up spot colours as a separate colour
- Set up cutter / fold guides as a spot colour
- Check correct number of pages
- Check sizes are correct
- Check all fonts are embedded in PDFs
- Supply and check spine width on PUR jobs

If you have any questions or queries about the Streamline Artwork Submission portal, or any other methods of artwork submission, please contact your Account Manager, or the office directly on 0116 235 5003.
